

## Transportation and Lodging

### Las Vegas, NV to Marble Canyon, AZ Transportation Options

If you fly or drive into Las Vegas, Nevada (LAS) the day prior to your trip, you have four options:

**\$\$\$** Schedule a **flight** into Marble Canyon Airstrip. Bar 10 Ranch arranges these flights for you via Vision Air. Please check with Bar 10 Ranch for availability and pricing. Reservation lists are updated until minimum passengers are met for flights from North Las Vegas and most flights do fill. In general, meet Bar 10 employee at 2:45 PM McCarran International Airport zero level located below baggage claim for a 40 minute van shuttle to North Las Vegas Airport. Depart between 4:00-4:30 PM. This flight with Vision Air to Marble Canyon Airstrip is roughly one hour. Between 5:00-5:30 PM, a Hatch crew will pick you up at Marble Canyon Airstrip and drive you for 10 minutes to Cliff Dwellers Lodge.

**\$\$\$** In some instances, there may be a **flight** available the **morning of your trip**. Please check with Bar 10 Ranch for availability. If you fly in the morning of your trip, we will pick you up in front of Marble Canyon Trading Post at 9:00 AM.

**\$\$** Schedule an executive **van shuttle** from LAS or local Las Vegas hotels to Cliff Dwellers Lodge through Bar 10 Ranch. In general, meet the van at 1:00 PM McCarran International Airport zero level located below baggage claim for a scenic five hour van ride with a quick pit stop to purchase your beverage for your rafting trip and stretch your legs.

### Marble Canyon, AZ Transportation Option

**\$** If you drive your personal vehicle to Cliff Dwellers Lodge, you may park your car between Cliff Dwellers Lodge and Hatch River Expeditions warehouse for the duration of your trip.

### LODGING

Lodging at Cliff Dwellers Lodge the night prior to your rafting trip is *complimentary*. It is free for double or more occupancy and a *nominal fee* for single occupancy (with limited availability). We will make the lodging arrangements for you. However, if you need to extend your stay with Cliff Dwellers Lodge, book a fly fishing trip or inquire about their restaurant, please use the information below to make your own extended reservations. We will pick you up in front of Cliff Dwellers Restaurant at 8:30 on the morning of your rafting trip.

## Return Transportation and Lodging

### Las Vegas, NV Return Transportation Option

\$\$\$ If you want to return to Las Vegas after your trip, you can catch a Tusayan Shuttle\*\* (if available) or take a taxi at the South Rim to the Grand Canyon Airport for a flight back to Las Vegas. In general, the flights from Grand Canyon Airport to North Las Vegas are at 10:45 AM or 3:30 PM. Make reservation ahead of time with Bar 10 Ranch who arranges these flights via Vision Air.

### Marble Canyon, AZ Return Transportation options

\$ If you want to return to Marble Canyon after your hike out of the canyon to pick up your car, you need to reserve a Transcanyon Shuttle from the South Rim to the Marble Canyon area. In general, they meet daily at Bright Angel Lodge lobby for 1:30 PM departure which ends at Cliff Dwellers Lodge approximately 4:15 PM. The fare is around \$65 per person one way.

**Transcanyon Shuttle**

**(928) 638-2820**

[www.trans-canyonshuttle.com](http://www.trans-canyonshuttle.com)

\$ If you would like to leave your car at the South Rim prior to your launch, you need to reserve a Transcanyon Shuttle (see above information) from the South Rim to Marble Canyon area and have your car waiting for you at the end of your hike out of the canyon. This option is good if you need to travel the day you exit the canyon.

### Lodging Options at trips end

After your hike out of the canyon you may decide to stay at one of the area motels on the South Rim. Reservations for these motels can be made at Xanterra Parks and Resorts for the Bright Angel Lodge & Cabins, El Tovar Hotel, Thunderbird Lodge, Maswick Lodge or Yavapai Lodge. All motels are within walking distance to the Bright Angel Trailhead.

# Hiking Tips

## NO FOOD, NO FUEL, NO FUN

Your body spends an enormous amount of energy (food calories) keeping you cool in the heat. Eating is your most important defense against exhaustion and water intoxication. Eat small amounts every 1/2 hour.

## REPLACE IT

Everyone sweats 1/2 to 1 quart of water and electrolytes each hour hiking in the heat. Don't wait until you are thirsty to start replacing fluids and electrolytes. By the time you are thirsty, you are already dehydrated. Drink 1/2 to 1 quart of electrolyte replacement each hour you are hiking. **3 quarts of water is required for hiking into or out of the canyon.** If you bring a hydration pack, make sure that you bring a spare bottle as a back-up. Each bottle should have a strap or you must be able to carry it in your pack for hands-free hiking.

You are responsible to carry all of your personal belongings when hiking in or out of the canyon.

**Hike Out:** We provide you with Gatorade and water, snacks and lunch but make sure you bring your own hydration pack and/or water bottles. **Hike In:** Please come prepared with water bottles and high carbohydrate snacks. Your guide will help supplement what has been forgotten, but in the event that you separate, it is important that you have these things with you. It is also important that you eat even if you don't feel hungry. Eating will help balance the nutrients in your body.

## REST IN THE SHADE

Stop and take a break when you find shade.

## STAY WET AND STAY COOL

Keep yourself soaking wet to stay cool. Anytime you cross a stream or water pump, stop and douse yourself. Allowing your clothes to cool through evaporation will reduce fluid, electrolyte, and energy loss significantly.

## SIT DOWN AND PUT YOUR LEGS UP

Every one-half to one hour, take a seven to nine minute break. This break can flush out approximately 20-30% of the waste products that build up in your legs while hiking. Don't forget to have a snack while you are resting.

## DO NOT HUFF AND PUFF

When you huff and puff, your body does not get enough oxygen to function efficiently. If you can talk while you are walking, you are walking the perfect speed.

## STAY TOGETHER

Staying with the hiking guide and other members in your party is a good idea. This allows everyone to keep an eye on each other looking for signs of trouble such as dehydration. If you stick together and one member has trouble, there will be others to assist or to go for help.

## LIGHTEN YOUR LOAD

The less weight you carry in your pack will make your hike easier and more enjoyable. If you are hiking in, you are welcome to ship your gear to us 2 weeks prior to your hike in and we will have it on the boat waiting for you at the boat beach. If you are hiking out, consider packing clothing you may be willing to leave behind or throw away, so you don't have to take it out with you.

## BE KIND TO YOURSELF

Do not exceed what is your normal level of physical activity or training.

## BEGIN HYDRATING THE NIGHT BEFORE YOUR HIKE

Drink about 8 glasses of water before you go to sleep. The climate in Arizona is a dry heat. Your perspiration evaporates so fast that you might not realize you are dehydrating.

## EAT A GOOD DINNER THE NIGHT BEFORE YOUR HIKE

This meal will help give you the necessary fuel needed for your hike. Avoid drinking alcohol the evening before your hike as it exacerbates dehydration.

## EAT BREAKFAST

Eat a light breakfast with essential nutrients and minerals to give you additional electrolytes.

## SHARE THIS INFORMATION

Sharing this information with others in your group will ensure a healthy hike for everyone.

**Please Note:** Hiking in the Grand Canyon is a strenuous activity, suitable only for those in good physical condition. Proper physical conditioning and consistent exercise prior to your departure is essential. Trails in the Grand Canyon are not maintained and can be rough and rocky and most have a significant vertical exchange. If you suffer from any medical condition such as asthma, heart disease, foot, knee, or hip problems, a history of heat related problems, vertigo, or unusual fear of heights, we strongly suggest you visit your physician and receive their OK before your departure date.

## Additional Information

### WEATHER

The Colorado River water temperature averages about 46-49 degrees Fahrenheit at Lees Ferry and warms up about 1 degree every 20 miles. To check current weather down on the river, go to [www.weather.gov](http://www.weather.gov) and under search, type in *Phantom Ranch, AZ*, then click on 7-day forecast for Phantom Ranch.

### WHEN WILL I RECEIVE MY FINAL INFORMATION

145 days prior to your trip launch, you will receive your final statement indicating your due date.

60 days prior to your trip launch, you will receive Trip Member Travel and Personal Information Sheet & Acknowledgement of Risk Form. Both forms need to be returned to us no later than 45 days prior to your trip launch. If you would like to order alcohol or soda, please return the Beverage Order Form at the same time; we will fax it to Cliff Dwellers for you. Consider purchasing trip insurance if you have not done so after making your deposit.

### BEVERAGES

Purified water and lemonade/Gatorade are available at all times on the boat and in camp. Coffee, tea and juices are served at breakfast. If you would like to have any other beverages such as beer, wine or soda, you must supply that on your own. If you would like to bring liquor, please transfer it to plastic bottles. Small quantities of wine bottles can be accommodated. We do not have a liquor license. All beverage orders are forwarded to Cliff Dwellers Lodge. If you are staying at Cliff Dwellers Lodge, please check on your order when you check-in at the motel. If you are on a Full Canyon or Upper Canyon trip, please remember to pick up your order the morning of your trip.

### WHEN AND WHERE DO WE MEET

Hatch River Expeditions staff will pick you up in front of the restaurant at Cliff Dwellers Lodge at exactly 8:30 the morning of your launch. They will check you in, give you a brief orientation, and you will load into our vans for a 15-minute drive to Lees Ferry. If you are flying in the morning of your trip at Marble Canyon Lodge, we will pick you up in front of the Marble Canyon Trading Post at 9:00 AM.

### WHAT ABOUT VALUABLES?

We suggest you leave valuables at home. We recommend you put your wallet, credit cards and traveler's checks in Ziploc bags, and store them in the bottom of your night bag for safekeeping. You may want to have some cash on you for Phantom Ranch and for gratuities. Remember that airlines require all passengers over 18 to have a current Government issued photo ID when they board the plane at Bar 10 Ranch.

### GRATUITIES

Gratuity for your guides is greatly appreciated and at your discretion. A suggested guideline is 8-10% of your trip cost. Please make checks payable to the trip leader who will divide it equally among the crew. All gratuities whether cash or checks should be given to the trip leader. Merci! Gracias! Mahalo! Danke! Toda! Salamat! Thank you!

### THE DUFFLE SHUFFLE

If you are on an **Upper or Lower Canyon** trip, you are responsible to carry your own personal gear when hiking in or hiking out of the canyon. You may consider the "Duffle Service" offered by Xanterra. Visit their website for pricing and logistics at [www.grandcanyonlodges.com/Duffle-Service-2116.html](http://www.grandcanyonlodges.com/Duffle-Service-2116.html). Please let us know if you do this.

### TIMING AT TRIPS END

**Full Canyon and Lower Canyon Trips:** On the last day of your trip, we will fly you out of the Canyon by helicopter at 7:00 am and transfer you to a fixed-wing aircraft at Bar 10 Ranch. If you fly back to Las Vegas, NV or Page, AZ you will arrive around 1:00 PM. Please do not schedule flights out of Las Vegas until after 3:00 PM. If you are flying back to the South Rim, you will arrive there around 11:00 AM. If you are flying back to Marble Canyon, you will arrive here around 10:00 AM. **The airline requires that all passengers have a Government Issued photo ID when they board the plane at Bar 10 Ranch.**

**Upper Canyon Trips:** On the last day of your trip, you will fill your water bottles, collect your lunch and gear, and begin your guided hike out of the Canyon between 5:30 and 7:30 am via the Bright Angel Trail.

*Oh, and remember to bring a great attitude and an appetite for fun! See you on the river!*

## Oar Trip Gear List

Below is a list of suggested items that most people find helpful on a Full Canyon expedition. The weight limit in the aircraft is **25 pounds** per person. This includes your beverages and your own sleeping gear if you are flying them into Marble Canyon. Also, consider that most people pack more than they actually use. If you are on a Half Canyon expedition, consider reducing quantities for your specific trip length. Check "weather" on Additional Information sheet for average temperature and precipitation for your particular trip date.

Please separate your day gear from your night gear prior to your pick up the morning of your trip. Remember that you will not have access to your night gear until you get to camp. **Due to space limitations please do not bring any more than you can fit into your waterproof bag. Do NOT bring hard case luggage.**

**For hike in and hike out only: Medium Size Internal Frame Backpack** (6 day Upper Canyon Rowing trip or 7 day Lower Canyon Rowing trip). This pack is used to hike your personal gear into or out of the Canyon. Packs will be stored in a large community waterproof bag while you are on the water and should not exceed 3,000 CI (cubic inches).

### Day Gear:

Hatch will provide you with a **Waterproof Day Bag**. This bag is for all items that you need access to during the day. **It is tubular shaped and its dimensions are 8" in diameter by 20" tall** with a capacity of 1000 cubic inches. This bag is small, but has enough room to hold those items you may need during the day. This bag is not a backpack.

**Two piece waterproof rain gear** (not only for rain but also for splash from the rapids) - Required  
**Sunscreen** (SPF30 or Higher recommended)

**Recreational Sport Sandal** (for hiking, boat, and camp with Neoprene or wool sock) - Required  
- Teva, Chaco, Alps, Merrill, etc.

**Camera and film** (a Ziploc to store camera & film is helpful)

**Water bottle for hiking** (at least one liter of hard plastic, stainless or aluminum) – Required

**Lip balm** (with SPF)

**Bandana** (to dip in the water and tie around your neck – it will keep you cool)

**Sunglasses with retention string**

**Sun hat with retention clips** (to attach to shirt or life jacket) - Required

### Night Gear:

Hatch will provide you with a **Waterproof Night Bag**. This bag is for clothing and personal items. **The bag is cylindrical in shape and the dimensions when packed are approximately 13" in diameter and 25" tall** with a capacity of 3500 cubic inches. Pack the bag from the top, and roll down to seal. Once this bag is loaded on the boat in the morning you will not have access to it until camp that evening. All your personal gear should be packed in a soft duffel bag (approx. 24"x12"x12") to make sure that all of your personal gear will fit into the dry bags we will provide for you.

- 4**     **Pair of nylon or quick drying shorts**
- 1**     **Pair lightweight long pants**
- \* **4**     **Short sleeve shirts** (T's or tanks)
- \* **1**     **Long sleeve shirt** (for sun protection)
- 2**     **Swimsuits** (2 piece work well for women)
- 3**     **Pair of Socks**
- 1**     **Polypropylene Shirt** (lightweight long underwear)
- 1**     **Polypropylene Pants** (lightweight long underwear)
- Underwear / Undergarments**
- Headlamp or Flashlight and extra batteries**
- Small quick drying towel and washcloth**
- ID, Insurance Card, & Credit Card** (for stops at Phantom Ranch and in the event of emergency evacuations)
- Cash or Check** (for gratuities at the end of the trip)
- Medications** (store in a Ziploc-type bag for safe keeping)
- If you have systemic anaphylactic reaction to food or insect stings, please consider bringing your own EPI-kit.

\* Indicates items that are available at Hatch Store.

**Toiletries** (environmentally friendly if possible):

**Toothbrush, toothpaste, and dental floss**

**Soap and Shampoo**

**Deodorant**

**Feminine Hygiene products**

**Baby Wipes** (just plain handy)

**Body lotion, face lotion, hand salve, baby powder** (take sand off feet)

**Small packs of Kleenex**

**Ziploc bags** (for storing wet items and keeping things dry)

**Optional Items:**

**Extra Film and Batteries, Roloids, or Soda/Beer Can Cooler**

**Twin Sheet** (in case you get too hot in your sleeping bag at night)

**Gloves** - for hiking, scrambling over rocks, etc. (In the hottest summer months, rocks get hot)

**Beer, soda, wine or liquor** (if desired) – Maybe purchase through Cliff Dwellers Lodge

### **VISITOR'S ACKNOWLEDGEMENT OF RISK**

In consideration of the services of HATCH RIVER EXPEDITIONS, INC, their officers, agents, employees, and stockholders, and all other persons or entities associated with those businesses (hereinafter collectively referred to as "HATCH RIVER EXPEDITIONS"), I agree as follows:

Although HATCH RIVER EXPEDITIONS has taken reasonable steps to provide you with appropriate equipment and/or skilled guides so you can enjoy an activity for which you may not be skilled, we wish to remind you that this activity is not without risk. Certain risks cannot be eliminated without destroying the unique character of this activity. The same elements that contribute to the unique character of this activity can be cause of loss or damage to your equipment, accidental injury or illness or, in extreme cases, permanent trauma or death. We do not want to frighten you or reduce your enthusiasm for this activity, but we think it is important for you to know in advance what to expect and to be informed of the inherent risks. The following describes some, but not all of those risks:

- Heat-related risks (i.e., sunburn, heat exhaustion, heat stroke, dehydration, burns caused by contact with hot objects, and hyponatremia).
- Injuries, damage, or loss incidental to whitewater rafting, including exposure to sun, water, wind, wet surfaces, and turbulence; including the possibility of a raft overturning or a passenger falling from the raft.
- Injuries, damage, or loss incidental to hiking and camping in backcountry areas; including slips, falls, and contact with harmful plants, insects, or animals.
- Unavailability of medical facilities or personnel, evacuation delays due to remoteness of area or circumstances beyond our control.
- Natural disasters such as rock falls or flash floods.
- Travel delays due to equipment problems, natural disasters, adverse weather conditions, or water-flow related issues.
- Infection from air or waterborne virus or bacteria.
- Emotional distress or trauma from any of the above.
- Etc.

Whitewater rapids will be encountered. You can be jolted, jarred, bounced, thrown to and fro, and shaken about during rides through some of the rapids. It is possible that you could become injured if you come in contact with food boxes, storage containers, or other fixed equipment necessary to the operation of the expedition and the outfitting of the raft. Rafts could be turned over and you could be washed overboard. You could slip and fall while hiking in wilderness terrain where trails are generally not maintained, and may involve considerable exposure. Rafts are slippery when wet, and accidents can occur while getting on and off the raft, resulting in damage to equipment or personal injury. Exposure to natural elements can be uncomfortable. Prolonged exposure to cold water can result in hypothermia and in extreme cases, death and accidental drowning.

I am aware that whitewater rafting entails risks of injury or death to myself. I understand that the description of these risks is not complete and that other unknown or unanticipated risks may result in injury or death. I agree to assume and accept full responsibility for the risks identified herein and for those risks not specifically identified. My participation in this activity is purely voluntary; no one is forcing me to participate, and I elect to participate in spite of the risks

I possess the following qualifications, which I understand are prerequisites to participation in this activity:

- All minors accompanying me are **9** years old or older.
- I certify that I have no medical or physical conditions which would interfere with my safety, the safety of others, or my successful participation in this activity; or I have informed HATCH RIVER EXPEDITIONS in writing of disabilities or medical conditions that may need special attention or preparations.
